CSC540: Demo Data

Whatever be the specific schema of your database, populate it in such a way that the records you insert have all the information below. Other than this minimum required data that your database must contain, you can make up the rest of the values for other fields/records in your database. ***It is strongly recommended that for the demo purposes, all the data stored in your database be covered by the specifications of this document.***

Publication #1

Field	Value
publicationID	1001
type	book
title	introduction to database
editor	John
typical topics	technology
edition	2ed
